OPPORTUNITY FINANCE
NETWORK CONFERENCE

HYATT REGENCY
SAN FRANCISCO

CAPITAL JUSTICE

IF NOT NOW,
WHEN?

The financial crisis has made CDFIs more important than ever. **We have a unique opportunity now to make a leap forward in fulfilling our core purpose of aligning capital with justice.** Join us in San Francisco as we explore the possibilities facing the opportunity finance industry at this exciting and challenging moment in history.

For three and a half days, you and your peers from across the country will learn and think critically about issues shaping the future of the industry. Find out about OFN's new 2010-2025 strategy for leading the industry forward. Debate whether or not CDFI loan funds should be regulated. Attend sessions on financial system reform, new capitalization options for CDFIs, expanding CDFI partnerships and collaborations, research and evaluation, and—specifically for investors—how to underwrite CDFIs. Network with colleagues and new acquaintances. This and more at the **26th Annual OFN Conference.**

DON'T MISS IT!
