

Interested in an opportunity to expand your students' understanding of current economic conditions and the Federal Reserve System?

Accept the Fed Challenge!

Teachers and students are invited to attend an informational workshop at the Baltimore Branch January 7th, 2010 from 4:30pm to 6:30pm.

High School Fed Challenge is a competition where teams analyze economic conditions and recommend an appropriate course for monetary policy. Through this simulation, students have the opportunity to enhance their critical thinking, problem solving, research, and presentation skills.
