CECL Update Sessions

As you may know, there is an **Ask the Fed** call **this Thursday** (October 22, 2 pm- 3:30 pm ET) on the forthcoming CECL model. That call is designed for bankers and we already have received lots of good questions from many of you. If you've not yet signed up, there's still time to join us, you can register at www.askthefed.org.

We have also heard from many of you that you have **accountants, consultants, auditors and other third party vendors** who would like to learn more about the CECL model, and we are happy to share that we have a special **FedPerspectives** call set up for them on **Friday, October 30, 1 pm - 2:30 pm ET**. The content will be very similar to the **Ask the Fed**, so there's no expectation that you join both calls, but please share the word about this special session for this non-banker audience. Please direct those who might be interested in this session to learn more at <https://www.stlouisfed.org/perspectives/>.
