## Assets and Liabilities

Figure 1 shows the total assets and liabilities of the CDB peer group. Total assets increased at a 7% average annual growth rate from \$18.5 billion in 2005 to \$26.3 billion in 2010. Over the same time period, total liabilities increased at a 7% average annual growth rate from \$16.9 billion to \$23.7 billion.

**Figure 1**

Total Assets and Total Liabilities

## Deposits

The aggregate of total deposits of the CDBs in the peer group was \$14.9 billion in 2005 and grew at an average annual rate of 8% to \$21.7 billion in 2010 (see Table 1A in Appendix). Figure 2 shows the composition of total deposits in 2010. This composition has remained fairly constant over time. Time deposits account for nearly half the share of total deposits.

**Figure 2**

Composition of Total Deposits (2010)

## Nonperforming Assets and Loan Loss Allowance

Nonperforming assets include assets past due 90 or more days or assets in nonaccrual status. Figure 3 shows the trend in total nonperforming assets and total loan loss allowance from 2005 to 2010. Over this period, nonperforming assets grew at an average annual rate of 59% from \$96 million to \$986 million, while the loan loss allowance increased at an average annual growth rate of 19% from \$163 million to \$383 million.

## Table 1A Aggregate Summary Statistics for Community Development Bank Peer Group

### Table Notes:

**Number of Observations:** 82

**Peer Group Composition:** The peer group is composed of 89 community development banks. However, seven banks were not available for every year, so the summary statistics are based on 82 banks.

**Reporting Date(s):** As of December 31st for each respective year.

### Definitions:

**Total assets:** The sum of all assets owned by the institution including cash, loans, securities, bank premises and other assets. This total does not include off-balance-sheet accounts.

**Net loans and leases:** Total loans and lease financing receivables minus unearned income and loan loss allowances.

**Loan loss allowance:** Each bank must maintain an allowance (reserve) for loan and lease losses that is adequate to absorb estimated credit losses associated with its loan and lease portfolio (which also includes off-balance-sheet credit instruments).

**Other real estate owned:** Includes direct and indirect investments in real estate. The amount is reflected net of valuation allowances. For Thrift Financial Reporters, the valuation allowances include allowances for other repossessed assets.

**Total Liabilities:** Deposits and other borrowings, subordinated notes and debentures, limited-life preferred stock and related surplus, trading account liabilities and mortgage indebtedness.

**Total Deposits:** The sum of all deposits including demand deposits, money market deposits, other savings deposits, time deposits and deposits in foreign offices.

**Federal funds purchased and repurchase agreements:** Total federal funds purchased and securities sold under agreements to repurchase in domestic offices. Thrift Financial Reports include only federal funds purchased.

**Trading liabilities:** Starting in 1994, includes liability for short positions and revaluation losses on interest rate, foreign exchange rate, and other commodity and equity contracts. This item is not available for TFR Reporters.

**Other borrowed funds:** Other borrowed money (excludes deposits, federal funds purchased, securities sold under agreements to repurchase in domestic offices of the bank, and trading liabilities). As of March 1997, includes mortgage indebtedness and obligations under capitalized leases.

**Total equity capital:** Total equity capital on a consolidated basis note: 1) beginning march 2009, includes the non-controlling (minority) interests in consolidated subsidiaries for CALL report and TFR filers.

**Noncurrent loans and leases:** Assets past due 90 days or more, plus assets placed in nonaccrual status.

**Unused loan commitments:** Includes unused credit card lines and home equity lines, commitments to make loans for commercial real estate construction and land development, and commitments to originate or purchase loans.

**Tier one (core) capital:** Tier 1 (core) capital includes: common equity plus noncumulative perpetual preferred stock plus minority interests in consolidated subsidiaries less goodwill and other ineligible intangible assets. The amount of eligible intangibles (including mortgage servicing rights) included in core capital is limited in accordance with supervisory capital regulations.

**Total unused commitments:** The unused portions of commitments to make or purchase extensions of credit in the form of loans or participations in loans, lease financing receivables, or similar transactions for which a fee has been paid or are otherwise legally bound.

**Transaction accounts:** The sum of the following accounts held in domestic offices: demand deposits, NOW accounts, Automated Transfer Service (ATS) accounts and telephone or preauthorized transfer accounts. prior to 2004, this item is not available for tfr reporters.

**Money market deposit accounts (MMDAs):** Total money market deposit accounts held in domestic offices. \* prior to 2004, this item is not available for TFR Reporters.

**Other savings deposits (excluding MMDAs):** Total savings deposits held in domestic offices, aside from money market deposit accounts. prior to 2004, this item is not available for TFR Reporters.

**Total time deposits:** Total nontransaction time deposits held in domestic offices. Prior to 2004, this item is not available for TFR reporters with assets less than \$300 million and risk-based capital ratios in excess of 12 percent.

**Noninterest-bearing deposits:** The sum of total demand deposits and noninterest-bearing time and savings deposits held in domestic offices. Prior to 2004, this item is not available for TFR Reporters

**Brokered deposits:** Total brokered deposits held in domestic offices. Brokered deposits represent funds which the reporting bank obtains, directly or indirectly, by or through any deposit broker for deposit into one or more deposit accounts.

Thus, brokered deposits include both those in which the entire beneficial interest in a given bank deposit account or instrument is held by a single depositor and those in which the deposit broker sells participations in a given bank deposit account or instrument to one or more investors. Fully insured brokered deposits are brokered deposits that are issued in denominations of \$100,000.

**Assets past due 30-89 days:** Total assets past due 30 through 89 days and still accruing interest. Total assets include real estate loans, installment loans, credit cards and related plan loans, commercial, and all other loans, lease financing receivables, debt securities and other assets. Note: The FFIEC considers 30 through 89 day past due data on an institution level confidential.

**Assets past due 90 or more days:** Total assets past due 90 or more days and still accruing interest. Total assets include real estate loans, installment loans, credit cards and related plan loans, commercial loans and all other loans, lease financing receivables, debt securities and other assets.

**Assets in nonaccrual status:** Total assets, which are no longer accruing interest. Total assets include real estate loans, installment loans, credit cards and related loans, commercial and all other loans, lease financing receivables, debt securities and other assets.

## Table 1B Aggregate Summary Statistics for Community Development Bank Peer Group

### Table Notes:

**Number of Observations:** The standard number of observations is 82 unless otherwise noted.

<sup>1</sup> 75 observations for 2005 to 2010.

<sup>2</sup> 75 observations for 2005 to 2010.

**Peer Group Composition:** The peer group is composed of community development banks. However, banks were not available for every year, so the summary statistics are based on banks.

**Reporting Date(s):** As of December 31st for each respective year.

### Definitions:

**Net interest income:** Total interest income minus total interest expense. It represents the difference between interest and dividends earned on interest-bearing assets and interest paid to depositors and other creditors.

**Provision for loan and lease losses:** The amount needed to make the allowance for loan and lease losses adequate to absorb expected loan and lease losses (based upon management's evaluation of the bank's current loan and lease portfolio). Call reporters: prior to 2001 and after 2002, an allowance for transfer risk is also included to cover losses on international assets. Additionally, from 1997 to 2000, includes provision for credit losses on off-balance sheet credit exposures. TFR Reporters: Reflects net provision for losses on interest-bearing assets.

**Total noninterest income:** Income from fiduciary activities, plus service charges on deposit accounts in domestic offices, plus trading gains (losses) and fees from foreign exchange transactions, plus other foreign transaction gains (losses), plus other gains (losses) and fees from trading assets and liabilities.

**Total noninterest expense:** Salaries and employee benefits, expenses of premises and fixed assets (net of rental income), and other noninterest expenses.

**Pre-tax net operating income:** Net income (loss) before income taxes and extraordinary items and other adjustments minus gains (losses) on securities not held in trading accounts.

**Applicable income taxes:** Applicable federal, state and local, and foreign income taxes.

**Net income:** Net interest income plus total noninterest income plus realized gains (losses) on securities and extraordinary items, less total noninterest expense, loan loss provisions and income taxes.

**Net charge-offs:** Total loans and leases charged-off (removed from balance sheet because of uncollectibility), less amounts recovered on loans and leases previously charged-off.

**Cash dividends:** Cash dividends paid on common and preferred stock.

**Total loans and leases:** Total loans and lease financing receivables, net of unearned income.

**Construction and development loans:** Construction and land development loans secured by real estate held in domestic offices. This item includes loans for all property types under construction, as well as loans for land acquisition and development.

**Commercial RE:** Nonresidential loans (excluding farm loans) primarily secured by real estate held in domestic offices. Please note: Thrift Financial Reporters include mortgages on properties that are used for farming in this item.

**Multifamily residential real estate:** Multifamily (5 or more) residential property loans secured by real estate held in domestic offices.

**1-4 family residential loans:** Total loans secured by 1-4 family residential properties (including revolving and open-end loans) held in domestic offices. Note: Prior to 2004 the savings institutions that file a thrift financial report did not report the 1-4 family loans by the sub category first liens and second liens. The data is not available prior to this year. Commercial banks began reporting that data in 1991.

**Farmland loans:** Loans secured by farmland held in domestic offices. Excludes savings institutions filing a TFR.

**Farm loans:** Loans to finance agricultural production and other loans to farmers. Excludes savings institutions filing a TFR.

**Commercial and industrial loans:** Commercial and industrial loans. Excludes all loans secured by real estate, loans to individuals, loans to depository institutions and foreign governments, loans to states and political subdivisions and lease financing receivables.

**Loans to individuals:** Loans to individuals for household, family, and other personal expenditures including outstanding credit card balances and other secured and unsecured consumer loans.

**Credit card loans:** Consumer loans extended through credit card plans.

**All other loans & leases:** Includes obligations (other than securities and leases) of U.S. states and political subdivisions including nonrated industrial development obligations, total acceptances of other banks, loans to depository institutions and foreign governments and lease financing receivables.

**Residential 1-4 family construction:** Residential 1-4 family construction loans secured by real estate in domestic offices.

**Other construction, all land development and other land:** Other construction loans and all land development and other land loans secured by real estate in domestic offices.

## Table 2A Average Summary Statistics for Community Development Bank Peer Group

### Table Notes:

**Number of Observations:** 82

**Peer Group Composition:** The peer group is composed of 89 community development banks. However, seven banks were not available for every year, so the summary statistics are based on 82 banks.

**Reporting Date(s):** As of December 31st for each respective year.

### Definitions:

**Total assets:** The sum of all assets owned by the institution including cash, loans, securities, bank premises and other assets. This total does not include off-balance-sheet accounts.

**Net loans and leases:** Total loans and lease financing receivables minus unearned income and loan loss allowances.

**Loan loss allowance:** Each bank must maintain an allowance (reserve) for loan and lease losses that is adequate to absorb estimated credit losses associated with its loan and lease portfolio (which also includes off-balance-sheet credit instruments).

**Other real estate owned:** Includes direct and indirect investments in real estate. The amount is reflected net of valuation allowances. For Thrift Financial Reporters, the valuation allowances include allowances for other repossessed assets.

**Total Liabilities:** Deposits and other borrowings, subordinated notes and debentures, limited-life preferred stock and related surplus, trading account liabilities and mortgage indebtedness.

**Total deposits:** The sum of all deposits including demand deposits, money market deposits, other savings deposits, time deposits and deposits in foreign offices.

**Federal funds purchased and repurchase agreements:** Total federal funds purchased and securities sold under agreements to repurchase in domestic offices. Thrift Financial Reports include only federal funds purchased.

**Trading liabilities:** Starting in 1994, includes liability for short positions and revaluation losses on interest rate, foreign exchange rate, and other commodity and equity contracts. This item is not available for TFR Reporters.

**Other borrowed funds:** Other borrowed money (excludes deposits, federal funds purchased, securities sold under agreements to repurchase in domestic offices of the bank, and trading liabilities). As of March 1997, includes mortgage indebtedness and obligations under capitalized leases.

**Total equity capital:** Total equity capital on a consolidated basis note: 1) beginning march 2009, includes the non-controlling (minority) interests in consolidated subsidiaries for CALL report and TFR filers.

**Noncurrent loans and leases:** Assets past due 90 days or more, plus assets placed in nonaccrual status.

**Unused loan commitments:** Includes unused credit card lines and home equity lines, commitments to make loans for commercial real estate construction and land development, and commitments to originate or purchase loans.

**Tier one (core) capital:** Tier 1 (core) capital includes: common equity plus noncumulative perpetual preferred stock plus minority interests in consolidated subsidiaries less goodwill and other ineligible intangible assets. The amount of eligible intangibles (including mortgage servicing rights) included in core capital is limited in accordance with supervisory capital regulations.

**Total unused commitments:** The unused portions of commitments to make or purchase extensions of credit in the form of loans or participations in loans, lease financing receivables, or similar transactions for which a fee has been paid or are otherwise legally bound.

**Transaction accounts:** The sum of the following accounts held in domestic offices: demand deposits, NOW accounts, Automated Transfer Service (ATS) accounts and telephone or preauthorized transfer accounts. prior to 2004, this item is not available for tfr reporters.

**Money market deposit accounts (MMDAs):** Total money market deposit accounts held in domestic offices. \* prior to 2004, this item is not available for TFR Reporters.

**Other savings deposits (excluding MMDAs):** Total savings deposits held in domestic offices, aside from money market deposit accounts. prior to 2004, this item is not available for TFR Reporters.

**Total time deposits:** Total nontransaction time deposits held in domestic offices. Prior to 2004, this item is not available for TFR reporters with assets less than \$300 million and risk-based capital ratios in excess of 12 percent.

**Noninterest-bearing deposits:** The sum of total demand deposits and noninterest-bearing time and savings deposits held in domestic offices. Prior to 2004, this item is not available for TFR Reporters

**Brokered deposits:** Total brokered deposits held in domestic offices. Brokered deposits represent funds which the reporting bank obtains, directly or indirectly, by or through any deposit broker for deposit into one or more deposit accounts.

Thus, brokered deposits include both those in which the entire beneficial interest in a given bank deposit account or instrument is held by a single depositor and those in which the deposit broker sells participations in a given bank deposit account or instrument to one or more investors. Fully insured brokered deposits are brokered deposits that are issued in denominations of \$100,000.

**Assets past due 30-89 days:** Total assets past due 30 through 89 days and still accruing interest. Total assets include real estate loans, installment loans, credit cards and related plan loans, commercial, and all other loans, lease financing receivables, debt securities and other assets. Note: The FFIEC considers 30 through 89 day past due data on an institution level confidential.

**Assets past due 90 or more days:** Total assets past due 90 or more days and still accruing interest. Total assets include real estate loans, installment loans, credit cards and related plan loans, commercial loans and all other loans, lease financing receivables, debt securities and other assets.

**Assets in nonaccrual status:** Total assets, which are no longer accruing interest. Total assets include real estate loans, installment loans, credit cards and related loans, commercial and all other loans, lease financing receivables, debt securities and other assets.

Table 2A Average Summary Statistics for Community Development Bank Peer Group

**Yield on earning assets:** Total interest income (annualized) as a percent of average earning assets.

**Cost of funding earning assets:** Annualized total interest expense on deposits and other borrowed money as a percent of average earning assets on a consolidated basis.

**Net interest margin:** Total interest income less total interest expense (annualized) as a percent of average earning assets.

**Noninterest income to earning assets:** Income derived from bank services and sources other than interest bearing assets (annualized) as a percent of average earning assets.

**Noninterest expense to earning assets:** Salaries and employee benefits, expenses of premises and fixed assets, and other noninterest expenses (annualized) as a percent of average earning assets.

**Net operating income to assets:** Net operating income (annualized) as a percent of average assets.

**Return on assets (ROA):** Net income after taxes and extraordinary items (annualized) as a percent of average total assets.

**Pretax return on assets:** Annualized pre-tax net income as a percent of average assets. Note: Includes extraordinary items and other adjustments, net of taxes.

**Return on Equity (ROE):** Annualized net income as a percent of average equity on a consolidated basis.

**Cash dividends to net income (ytd only)\*:** Total of all cash dividends declared (year-to-date, annualized) as a percent of net income (year-to-date, annualized). \* this ratio is not available on a quarterly basis. if the denominator is less than or equal to zero, then ratio is shown as 'N/A.'

**Noncurrent assets plus other real estate owned to assets:** Noncurrent assets as a percent of total assets. Noncurrent assets are defined as assets that are past due 90 days or more plus assets placed in nonaccrual status plus other real estate owned (excluding direct and indirect investments in real estate).

**Core capital (leverage) ratio:** Tier 1 (core) capital as a percent of average total assets minus ineligible intangibles. Tier 1 (core) capital includes: common equity plus noncumulative perpetual preferred stock plus minority interests in consolidated subsidiaries less goodwill and other ineligible intangible assets. The amount of eligible intangibles (including mortgage servicing rights) included in core capital is limited in accordance with supervisory capital regulations. Average total assets used in this computation are an average of daily or weekly figures for the quarter.

**Tier 1 risk-based capital ratio:** Tier 1 (core) capital as a percent of risk-weighted assets as defined by the appropriate federal regulator for prompt corrective action during that time period.

**Total risk-based capital ratio:** Total risk based capital as a percent of risk-weighted assets as defined by the appropriate federal regulator for prompt corrective action during that time period.

**Peer Group Composition:** The peer group is composed of community development banks. However, banks were not available for every year, so the summary statistics are based on banks.

**Reporting Date(s):** As of December 31st for each respective year.

**Definitions:**

**Net interest income:** Total interest income minus total interest expense. It represents the difference between interest and dividends earned on interest-bearing assets and interest paid to depositors and other creditors.

**Provision for loan and lease losses:** The amount needed to make the allowance for loan and lease losses adequate to absorb expected loan and lease losses (based upon management's evaluation of the bank's current loan and lease portfolio). Call reporters: prior to 2001 and after 2002, an allowance for transfer risk is also included to cover losses on international assets. Additionally, from 1997 to 2000, includes provision for credit losses on off-balance sheet credit exposures. TFR Reporters: Reflects net provision for losses on interest-bearing assets.

**Total noninterest income:** Income from fiduciary activities, plus service charges on deposit accounts in domestic offices, plus trading gains (losses) and fees from foreign exchange transactions, plus other foreign transaction gains (losses), plus other gains (losses) and fees from trading assets and liabilities.

**Total noninterest expense:** Salaries and employee benefits, expenses of premises and fixed assets (net of rental income), and other noninterest expenses.

**Pre-tax net operating income:** Net income (loss) before income taxes and extraordinary items and other adjustments minus gains (losses) on securities not held in trading accounts.

**Applicable income taxes:** Applicable federal, state and local, and foreign income taxes.

**Net income:** Net interest income plus total noninterest income plus realized gains (losses) on securities and extraordinary items, less total noninterest expense, loan loss provisions and income taxes.

**Net charge-offs:** Total loans and leases charged-off (removed from balance sheet because of uncollectibility), less amounts recovered on loans and leases previously charged-off.

**Cash dividends:** Cash dividends paid on common and preferred stock.

**Total loans and leases:** Total loans and lease financing receivables, net of unearned income.

**Construction and development loans:** Construction and land development loans secured by real estate held in domestic offices. This item includes loans for all property types under construction, as well as loans for land acquisition and development.

**Commercial RE:** Nonresidential loans (excluding farm loans) primarily secured by real estate held in domestic offices. Please note: Thrift Financial Reporters include mortgages on properties that are used for farming in this item.

**Multifamily residential real estate:** Multifamily (5 or more) residential property loans secured by real estate held in domestic offices.

**1-4 family residential loans:** Total loans secured by 1-4 family residential properties (including revolving and open-end loans) held in domestic offices. Note: Prior to 2004 the savings institutions that file a thrift financial report did not report the 1-4 family loans by the sub category first liens and second liens. The data is not available prior to this year. Commercial banks began reporting that data in 1991.

**Farmland loans:** Loans secured by farmland held in domestic offices. Excludes savings institutions filing a TFR.

**Farm loans:** Loans to finance agricultural production and other loans to farmers. Excludes savings institutions filing a TFR.

**Commercial and industrial loans:** Commercial and industrial loans. Excludes all loans secured by real estate, loans to individuals, loans to depository institutions and foreign governments, loans to states and political subdivisions and lease financing receivables.

**Loans to individuals:** Loans to individuals for household, family, and other personal expenditures including outstanding credit card balances and other secured and unsecured consumer loans.

**Credit card loans:** Consumer loans extended through credit card plans.

**All other loans & leases:** Includes obligations (other than securities and leases) of U.S. states and political subdivisions including nonrated industrial development obligations, total acceptances of other banks, loans to depository institutions and foreign governments and lease financing receivables.

**Residential 1-4 family construction:** Residential 1-4 family construction loans secured by real estate in domestic offices.

**Other construction, all land development and other land:** Other construction loans and all land development and other land loans secured by real estate in domestic offices.

**Credit loss provision to net charge-offs:** Provision for possible credit and allocated transfer risk as a percent of net charge-offs. If the denominator is less than or equal to zero, then ratio is shown as 'NA.'

**Loss allowance to loans:** Allowance for loan and lease losses as a percent of total loan and lease financing receivables, excluding unearned income.

**Loan loss allowance to noncurrent loans:** Allowance for loan and lease losses as a percent of noncurrent loans and leases.

**Net loans and leases to deposits:** Loans and lease financing receivables net of unearned income, allowances and reserves as a percent of total deposits.

## Table 3A Additional Summary Statistics for Community Development Bank Peer Group

### Table Notes:

**Number of Observations:** 82

**Peer Group Composition:** The peer group is composed of 89 community development banks. However, seven banks were not available for every year, so the summary statistics are based on 82 banks.

**Reporting Date(s):** As of December 31st for each respective year.

### Definitions:

**Total assets:** The sum of all assets owned by the institution including cash, loans, securities, bank premises and other assets. This total does not include off-balance-sheet accounts.

**Net loans and leases:** Total loans and lease financing receivables minus unearned income and loan loss allowances.

**Loan loss allowance:** Each bank must maintain an allowance (reserve) for loan and lease losses that is adequate to absorb estimated credit losses associated with its loan and lease portfolio (which also includes off-balance-sheet credit instruments).

**Other real estate owned:** Includes direct and indirect investments in real estate. The amount is reflected net of valuation allowances. For Thrift Financial Reporters, the valuation allowances include allowances for other repossessed assets.

**Total Liabilities:** Deposits and other borrowings, subordinated notes and debentures, limited-life preferred stock and related surplus, trading account liabilities and mortgage indebtedness.

**Total deposits:** The sum of all deposits including demand deposits, money market deposits, other savings deposits, time deposits and deposits in foreign offices.

**Federal funds purchased and repurchase agreements:** Total federal funds purchased and securities sold under agreements to repurchase in domestic offices. Thrift Financial Reports include only federal funds purchased.

**Trading liabilities:** Starting in 1994, includes liability for short positions and revaluation losses on interest rate, foreign exchange rate, and other commodity and equity contracts. This item is not available for TFR Reporters.

**Other borrowed funds:** Other borrowed money (excludes deposits, federal funds purchased, securities sold under agreements to repurchase in domestic offices of the bank, and trading liabilities). As of March 1997, includes mortgage indebtedness and obligations under capitalized leases.

**Total equity capital:** Total equity capital on a consolidated basis note: 1) beginning march 2009, includes the non-controlling (minority) interests in consolidated subsidiaries for CALL report and TFR filers.

**Noncurrent loans and leases:** Assets past due 90 days or more, plus assets placed in nonaccrual status.

**Unused loan commitments:** Includes unused credit card lines and home equity lines, commitments to make loans for commercial real estate construction and land development, and commitments to originate or purchase loans.

**Tier one (core) capital:** Tier 1 (core) capital includes: common equity plus noncumulative perpetual preferred stock plus minority interests in consolidated subsidiaries less goodwill and other ineligible intangible assets. The amount of eligible intangibles (including mortgage servicing rights) included in core capital is limited in accordance with supervisory capital regulations.

**Total unused commitments:** The unused portions of commitments to make or purchase extensions of credit in the form of loans or participations in loans, lease financing receivables, or similar transactions for which a fee has been paid or are otherwise legally bound.

**Transaction accounts:** The sum of the following accounts held in domestic offices: demand deposits, NOW accounts, Automated Transfer Service (ATS) accounts and telephone or preauthorized transfer accounts. prior to 2004, this item is not available for tfr reporters.

**Money market deposit accounts (MMDAs):** Total money market deposit accounts held in domestic offices. \* prior to 2004, this item is not available for TFR Reporters.

**Other savings deposits (excluding MMDAs):** Total savings deposits held in domestic offices, aside from money market deposit accounts. prior to 2004, this item is not available for TFR Reporters.

**Total time deposits:** Total nontransaction time deposits held in domestic offices. Prior to 2004, this item is not available for TFR reporters with assets less than \$300 million and risk-based capital ratios in excess of 12 percent.

**Noninterest-bearing deposits:** The sum of total demand deposits and noninterest-bearing time and savings deposits held in domestic offices. Prior to 2004, this item is not available for TFR Reporters

**Brokered deposits:** Total brokered deposits held in domestic offices. Brokered deposits represent funds which the reporting bank obtains, directly or indirectly, by or through any deposit broker for deposit into one or more deposit accounts.

Thus, brokered deposits include both those in which the entire beneficial interest in a given bank deposit account or instrument is held by a single depositor and those in which the deposit broker sells participations in a given bank deposit account or instrument to one or more investors. Fully insured brokered deposits are brokered deposits that are issued in denominations of \$100,000.

**Assets past due 30-89 days:** Total assets past due 30 through 89 days and still accruing interest. Total assets include real estate loans, installment loans, credit cards and related plan loans, commercial, and all other loans, lease financing receivables, debt securities and other assets. Note: The FFIEC considers 30 through 89 day past due data on an institution level confidential.

**Assets past due 90 or more days:** Total assets past due 90 or more days and still accruing interest. Total assets include real estate loans, installment loans, credit cards and related plan loans, commercial loans and all other loans, lease financing receivables, debt securities and other assets.

**Assets in nonaccrual status:** Total assets, which are no longer accruing interest. Total assets include real estate loans, installment loans, credit cards and related loans, commercial and all other loans, lease financing receivables, debt securities and other assets.

Table 3A Additional Summary Statistics for Community Development Bank Peer Group

**Yield on earning assets:** Total interest income (annualized) as a percent of average earning assets.

**Cost of funding earning assets:** Annualized total interest expense on deposits and other borrowed money as a percent of average earning assets on a consolidated basis.

**Net interest margin:** Total interest income less total interest expense (annualized) as a percent of average earning assets.

**Noninterest income to earning assets:** Income derived from bank services and sources other than interest bearing assets (annualized) as a percent of average earning assets.

**Noninterest expense to earning assets:** Salaries and employee benefits, expenses of premises and fixed assets, and other noninterest expenses (annualized) as a percent of average earning assets.

**Net operating income to assets:** Net operating income (annualized) as a percent of average assets.

**Return on assets (ROA):** Net income after taxes and extraordinary items (annualized) as a percent of average total assets.

**Pretax return on assets:** Annualized pre-tax net income as a percent of average assets. Note: Includes extraordinary items and other adjustments, net of taxes.

**Return on Equity (ROE):** Annualized net income as a percent of average equity on a consolidated basis.

**Cash dividends to net income (ytd only)\*:** Total of all cash dividends declared (year-to-date, annualized) as a percent of net income (year-to-date, annualized). \* this ratio is not available on a quarterly basis. if the denominator is less than or equal to zero, then ratio is shown as 'N/A.'

**Noncurrent assets plus other real estate owned to assets:** Noncurrent assets as a percent of total assets. Noncurrent assets are defined as assets that are past due 90 days or more plus assets placed in nonaccrual status plus other real estate owned (excluding direct and indirect investments in real estate).

**Core capital (leverage) ratio:** Tier 1 (core) capital as a percent of average total assets minus ineligible intangibles. Tier 1 (core) capital includes: common equity plus noncumulative perpetual preferred stock plus minority interests in consolidated subsidiaries less goodwill and other ineligible intangible assets. The amount of eligible intangibles (including mortgage servicing rights) included in core capital is limited in accordance with supervisory capital regulations. Average total assets used in this computation are an average of daily or weekly figures for the quarter.

**Tier 1 risk-based capital ratio:** Tier 1 (core) capital as a percent of risk-weighted assets as defined by the appropriate federal regulator for prompt corrective action during that time period.

**Total risk-based capital ratio:** Total risk based capital as a percent of risk-weighted assets as defined by the appropriate federal regulator for prompt corrective action during that time period.

**Peer Group Composition:** The peer group is composed of community development banks. However, banks were not available for every year, so the summary statistics are based on banks.

**Reporting Date(s):** As of December 31st for each respective year.

**Definitions:**

**Net interest income:** Total interest income minus total interest expense. It represents the difference between interest and dividends earned on interest-bearing assets and interest paid to depositors and other creditors.

**Provision for loan and lease losses:** The amount needed to make the allowance for loan and lease losses adequate to absorb expected loan and lease losses (based upon management's evaluation of the bank's current loan and lease portfolio). Call reporters: prior to 2001 and after 2002, an allowance for transfer risk is also included to cover losses on international assets. Additionally, from 1997 to 2000, includes provision for credit losses on off-balance sheet credit exposures. TFR Reporters: Reflects net provision for losses on interest-bearing assets.

**Total noninterest income:** Income from fiduciary activities, plus service charges on deposit accounts in domestic offices, plus trading gains (losses) and fees from foreign exchange transactions, plus other foreign transaction gains (losses), plus other gains (losses) and fees from trading assets and liabilities.

**Total noninterest expense:** Salaries and employee benefits, expenses of premises and fixed assets (net of rental income), and other noninterest expenses.

**Pre-tax net operating income:** Net income (loss) before income taxes and extraordinary items and other adjustments minus gains (losses) on securities not held in trading accounts.

**Applicable income taxes:** Applicable federal, state and local, and foreign income taxes.

**Net income:** Net interest income plus total noninterest income plus realized gains (losses) on securities and extraordinary items, less total noninterest expense, loan loss provisions and income taxes.

**Net charge-offs:** Total loans and leases charged-off (removed from balance sheet because of uncollectibility), less amounts recovered on loans and leases previously charged-off.

**Cash dividends:** Cash dividends paid on common and preferred stock.

**Total loans and leases:** Total loans and lease financing receivables, net of unearned income.

**Construction and development loans:** Construction and land development loans secured by real estate held in domestic offices. This item includes loans for all property types under construction, as well as loans for land acquisition and development.

**Commercial RE:** Nonresidential loans (excluding farm loans) primarily secured by real estate held in domestic offices. Please note: Thrift Financial Reporters include mortgages on properties that are used for farming in this item.

**Multifamily residential real estate:** Multifamily (5 or more) residential property loans secured by real estate held in domestic offices.

**1-4 family residential loans:** Total loans secured by 1-4 family residential properties (including revolving and open-end loans) held in domestic offices. Note: Prior to 2004 the savings institutions that file a thrift financial report did not report the 1-4 family loans by the sub category first liens and second liens. The data is not available prior to this year. Commercial banks began reporting that data in 1991.

**Farmland loans:** Loans secured by farmland held in domestic offices. Excludes savings institutions filing a TFR.

**Farm loans:** Loans to finance agricultural production and other loans to farmers. Excludes savings institutions filing a TFR.

**Commercial and industrial loans:** Commercial and industrial loans. Excludes all loans secured by real estate, loans to individuals, loans to depository institutions and foreign governments, loans to states and political subdivisions and lease financing receivables.

**Loans to individuals:** Loans to individuals for household, family, and other personal expenditures including outstanding credit card balances and other secured and unsecured consumer loans.

**Credit card loans:** Consumer loans extended through credit card plans.

**All other loans & leases:** Includes obligations (other than securities and leases) of U.S. states and political subdivisions including nonrated industrial development obligations, total acceptances of other banks, loans to depository institutions and foreign governments and lease financing receivables.

**Residential 1-4 family construction:** Residential 1-4 family construction loans secured by real estate in domestic offices.

**Other construction, all land development and other land:** Other construction loans and all land development and other land loans secured by real estate in domestic offices.

**Credit loss provision to net charge-offs:** Provision for possible credit and allocated transfer risk as a percent of net charge-offs. If the denominator is less than or equal to zero, then ratio is shown as 'NA.'

**Loss allowance to loans:** Allowance for loan and lease losses as a percent of total loan and lease financing receivables, excluding unearned income.

**Loan loss allowance to noncurrent loans:** Allowance for loan and lease losses as a percent of noncurrent loans and leases.

Table 3B Additional Summary Statistics for Community Development Bank Peer Group
