# Educational Attainment by County in the Washington, D.C. MSA in 2019

## Bachelor's Degree or Higher Percent of Total

# Educational Attainment by Age in 2019

### Notes:

- Unless otherwise noted, all data comes from the Census Bureau's 2019 American Community Survey (ACS), one year estimates, for the population 25 and older.
- Historical educational attainment comes from the Decennial Census for 1970-2000, and from the American Community Survey for 2010 (five year estimates) and 2019 (one year estimates).
- "College" is defined as a bachelor's degree or higher from 1990 on, and as four or more years of schooling prior to 1990.
- "Some College" is defined as an associate's degree or some college with no degree from 1990 on, and as one to three years of college prior to 1990.
- Unemployment and labor force participation rates are calculated by the Federal Reserve Bank of Richmond from ACS data.
- The race category "Other" includes American Indian and Alaska Native and "Some Other Race", when estimates are available.
- The map of educational attainment by county uses 5-year estimates from the ACS.
